

EASY STEP-BY-STEP GUIDE TO HANGING

# chandeliers

## STEP 1

Decide where you want to hang your chandelier. Mark the ceiling where the hook needs to be and then drill an 8mm hole through the ceiling on the mark.

## STEP 2

Drill an 8mm hole in the centre of a piece of 70 x 35 timber (this must be long enough to span three ceiling joists).

## STEP 3

In your loft space, locate the hole you drilled through the ceiling and attach the timber to the joists so that both drilled holes line up.

## STEP 4

Fix your hook through the ceiling and the timber. Secure with washers and nuts as shown.

## STEP 5

Hang your chandelier and decorate with your favourite votives, tealights and accessories.
